INSANSU VENTURE

FOR COMMUNITY & INSTITUTIONAL PARTNERS

FOOD SECURITY · NUTRITION · VALUE CHAINS

Feeding Zambia from Zambian fields

A Zambian-owned agribusiness that grows, aggregates, processes and supplies nutritious local food.

What we deliver

ALIGNED WITH NATIONAL PRIORITIES

Institutional supply

Fresh vegetables and indigenous greens for schools, hospitals and other institutions.

Smallholder aggregation

Graded, recorded produce from outgrowers in consistent volumes.

Nutrition products

Flour blends, peanut butter and dried greens for feeding programmes.

Climate-smart farming

Drip irrigation, compost and a demonstration farm for extension.

AGRICULTURE & DEVELOPMENT PROGRAMMES

Farmer training and demonstration · smallholder aggregation · irrigation and water projects

PUBLIC INSTITUTIONS & FEEDING PROGRAMMES

Reliable produce supply · nutrition products · youth and community skills
